

Sample PDF for RAG Chat System

This is a sample document used for testing a PDF Chat (RAG) system. Artificial Intelligence (AI) is the simulation of human intelligence in machines. Machine Learning (ML) is a subset of AI that allows systems to learn from data. Deep Learning is a subset of ML that uses neural networks. Flask is a lightweight web framework used to build web applications in Python. FAISS is a library used for efficient similarity search and clustering of dense vectors. This document is created so you can upload it into your system and ask questions like: - What is AI? - What is Flask? - What is FAISS?
